Caring for South Australians since 1900

You matter. We care about you.

Calvary Health Care SA

Calvary is a charitable, not-for-profit, Catholic health care organisation.

Our mission is to provide quality, compassionate health care to the most vulnerable, including those reaching the end of their life.

In South Australia we employ over 2000 people across our 4 hospitals, 2 retirement homes and our community care service.

The future for Calvary South Australia is very exciting with the imminent opening in 2019 of our new state of the art Calvary Adelaide Hospital.

Why work for Calvary

Calvary is one of the leading organisations in healthcare provision in South Australia; we are highly respected and recognised for not only our longevity in South Australia but for the quality care that our staff provide.

Calvary offers competitive salaries for all staff.

Salary packaging benefits are also an attractive and important reason why many choose to work at Calvary, including payments into mortgages pre-tax.

We understand that there is life away from work and support flexibility in working arrangements where possible.

We encourage participation in professional and personal development programs.

Calvary Adelaide Hospital

You are invited to be a part of Calvary's future.

- Calvary Adelaide Hospital will open in 2019 and provide the highest quality health care to private and self-insured patients
- Centrally located at 120 Angas Street (on the corner of Pulteney Street) in the heart of Adelaide's central business district, its state-of-the-art facilities will be supported by our history and impressive heritage of over 120 years of health care services in South Australia
- Calvary Wakefield and Calvary Rehabilitation Hospitals will relocate to this new site
- Calvary Adelaide Hospital when completed will be the largest private hospital in South Australia; designed by clinicians, the development has always been focussed on maximising the patient experience and staff work flows
- For more information visit **www.calvaryadelaide.org.au**

Amazing **Adelaide**

South Australia and its capital city Adelaide is the most liveable state in Australia. Big enough to have all of the fabulous fine dining, cafes and facilities expected in a big city but small enough to enjoy a very high quality of life:

- Real estate is affordable when compared with other states and capital cities
- There are vast green spaces and facilities for people from all walks of life
- Outstanding schools around every corner
- Travelling around our city is easy, no peak hour traffic to speak of, and you can be in most places within 20 minutes!
- Most exciting is that Adelaide is on the move – now is the time to relocate – it is the place to be!

For those relocating either from interstate or overseas Calvary offers many benefits:

- Visa sponsorship is available
- Outstanding salary packaging including numerous pre tax benefits
- Discounted private health insurance
- Fitness programs for staff – the list goes on.
