About Calvary

Founded by the Sisters of the Little Company of Mary, Calvary is a charitable, Catholic health care organisation operating in six of Australia's States and Territories with 12,000 staff and volunteers. We have a special concern for those most vulnerable and those reaching the end of their life. For over 130 years Calvary has provided health, aged and community care in a range of settings, including public and private hospitals, residential aged care and the community.

For more information call 1300 66 00 22 or email ccc@calvarycare.org.au

Coming Home from Hospital

Support from Hospital to Home

 **Calvary** | Community Care

Continuing the Mission of the Sisters of the Little Company of Mary

Support at home following a hospital visit

Coming home from hospital can sometimes be challenging. Calvary Community Care supports this transition with a short term service that assists people to settle in at home following discharge.

The service provides immediate and practical support at home after a hospital stay.

Available for people of all ages, this service is particularly suitable for those who live independently, have limited support networks or a carer/partner who could benefit from additional support.

The service can be adapted to suit individual needs and offers a range of services including:

- pick up from hospital
- meal preparation and cooking
- assistance with dressing
- shopping and transport
- overnight and 24 hour care

Specialist Care and Credentialed Services

Calvary Community Care can also offer specialist care services delivered by trained expert carers, including:

- compression stocking application
- blood glucose monitoring
- ear and eye drop administration
- catheter care
- medication administration

Nursing Services

Nursing services are also available in some areas and can support a return home from hospital.

Organising Support

It is simple to book in services. Just call 1300 66 00 22 and let us know what you need to return home from hospital.

We can also assist with hospital admissions, transport to and from day surgery or visits to outpatient clinics.

Referrals can also be made by nurses, discharge planners, doctors, social workers and allied health professionals.

Sleepover Service

Calvary Community Care can provide an overnight sleepover service on the day of discharge. This ensures that a Support Worker is in the home and can offer assistance if required.
