mini sessions

Our free gift
to you

In partnership with Calvary John James Hospital, we would like to offer you a complimentary mini professional portrait session to celebrate the arrival of your baby - valued at \$140.

Sessions are obligation free and are held during your stay at John James. Images will be available to view in a personal gallery.

We would love the opportunity to capture your first memories together.

FAQ'S

When and where are the photos taken? Photos are taken during your stay in the maternity ward. Booking are essential and can be made at Maternity Reception. We visit twice during the week, so please check with reception.

What should our baby wear? Bring bub wrapped wearing only a nappy. We provide a selection of beautiful wraps and blankets.

How long does the session take? If possible please ensure your baby is fed prior to the session. Sessions last for 30-40 minutes.

When can we view our images? Your images will be available for viewing within a week of the session. Image will be kept for 14 days, allowing you time to choose your favourite images.

How long does it take to get our photos? Once your order has been finalised your images will be processed and sent to you – approximately 14 business days.

Can we print and share our images with family and friends? Yes. The newborn collections are high resolution images. They can be printed as photographs, used for thank you cards, canvas prints or framed prints.

Will they have your logo on them? The final images you purchase will not carry our logo.

Who owns the copyright and what does this mean?

Sage Photography owns the copyright of all images we take, this means you cannot sell, manipulate or use them for promotional purposes. Images cannot be downloaded and used from our website.

Does the free photo session include the digital images? No, all images are available for purchase with our special newborn collection starting at \$395.
