# newborn

portrait sessions

*My free gift to you*

In partnership with Calvary John James Hospital Holly & Sage would like to offer you a complimentary newborn mini portrait session.

Celebrate the arrival of your baby with beautiful professional photography - valued at \$120.

Sessions are conveniently held during your hospital stay with your portraits available for viewing in a personal online gallery.

I would love the opportunity to capture your first memories together.

## FAQ's

**When and where are the photos taken?** During your stay at Calvary John James Private Hospital in the maternity ward. Holly generally visits the hospital Mon, Wed & Fri, with only 3 sessions available each day. To ensure you don't miss out, please book ahead.

**What should your baby wear?** Bring bub wrapped and wearing only a nappy. We provide a selection of beautiful wraps, props and blankets.

**How long does the session take?** Approx. 40 mins

**How do we prepare our baby?** Please feed your baby prior to the session (sleeping, content baby is preferred).

**Can we take photos on our phone?** No. We are the contracted newborn photographers. We work hard to offer a professional service providing you with beautiful newborn photos. Our finished product (our photos) represent the skill, time and care we take in providing our service.

**How do we view our photos?** A selection of 20-40 images will be available for viewing within a week of your session through a private online gallery. You may share this with friends and family.

**How can we order our photos?** Your online gallery has a shopping cart attached for your convenience. Once your order is received your chosen images will be lovingly retouched, removing any blemishes and discolouration. Your gallery is available for 14 days before it expires.

**How long does it take to get our photos?** Once your order has been placed, images will be retouched. Approximately 14 business days later your beautiful portraits will be available to download via Dropbox.

**Can we print and share our images with family and friends?** Yes. The beautiful portraits you purchase are high resolution images. They can be printed and shared with loved ones.
