

**Date: 24 July 2023**

Dear Vitro User,

Vitro & Calvary are excited to introduce a new Comprehensive Care Plan to Vitro.

The Comprehensive Care Plan will 'Go-Live' at Calvary Hobart on the 22nd August 2023

Why are we making this change?

The Comprehensive Care Plan (CCP) has been developed to support individualised comprehensive care planning for adult surgical & medical patients admitted to Calvary Private Hospitals. The CCP has been developed to meet the requirements for Comprehensive Care Plan as outlined in Standard 5 of the National Safety and Quality in Healthcare Standards (NSQHS) Version 2.

Who is the care plan for?

The Comprehensive Care Plan has been designed for adult patients, who are admitted overnight for surgical, medical and rehabilitation care and replaces the existing Care Plan forms in Vitro (MR285.2 and MR289). It has been designed to demonstrate the holistic care needs of patients, with the completion being led by nursing staff in collaboration with other health professionals.

When will the Comprehensive Care Plan commence?

To ensure a smooth transition for our staff and patients we strongly recommend you attend one of the training sessions scheduled for your ward. Training sessions have been established to include some night duty sessions. Further resources include below;

What do I need to do to prepare for this change?
