

WiFi Changes for all Staff and Visiting Medical Officers

The Calvarycare_Clinical wireless (WiFi) Network is being changed soon to facilitate clinical device connection and enhances the security posture of our wireless network.

For Staff and VMOs to maintain wireless internet you will need to join the **Calvarycare_Corporate wireless (WiFi) network**. To connect you will require your Calvary login credentials (usually firstname.surname and password).

If you are currently using any of the generic logins below, these logins will also no longer be available at the cut over date of 17th July 2023.

Username: LNV.Doctor
Username: LNV.VClinician
Username: STJ.Doctor
Username: STJ.VClinician

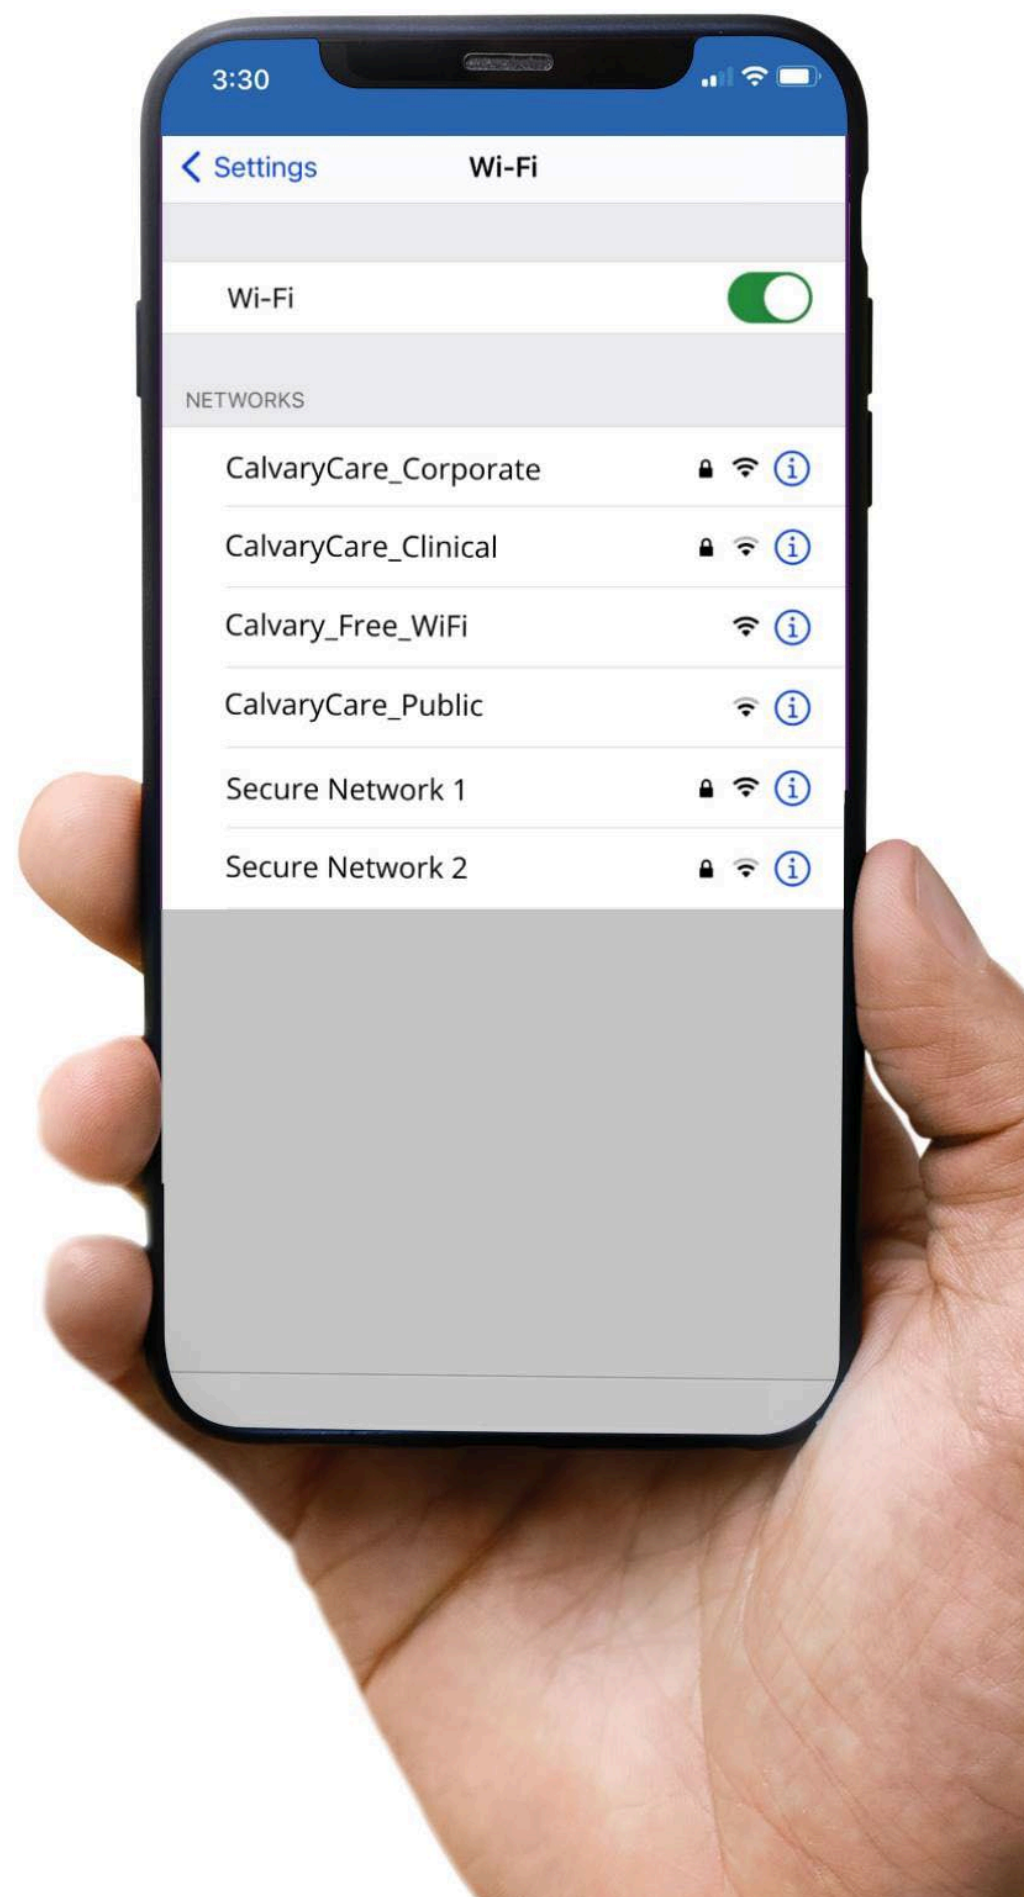

For staff and VMO's that do not have a Calvary login:

If you are a VMO, please contact the Executive Team at TAS-Hobart-ExecutiveAssistant@calvarycare.org.au

Otherwise, please raise a ticket with the ICT helpdesk - this can be organised by emailing ICTServiceDesk@calvarycare.org.au

OR

Logging a new user request at the Service Desk Portal
<https://jira.calvarycare.org.au/plugins/servlet/desk/portal/1>

For any questions, please contact our ICT Helpdesk on 1800 220 506
