

# MEET OUR GRADS

Grad Name:     **Jacob**

Unit: *St Johns Theatre – I have spent 6 months in Recovery and just transitioned into Anaesthetics this week.*

Graduation Date

*My final day of placement and the final requirement for my course was on the Friday before Christmas 2022. It was a great Christmas present to be done!*

Why I chose Nursing

*In the past I was a Ski Patroller, managing risk as well as providing emergency response to staff and guests for various ski resorts around the world. It was a natural progression to expand my underpinning knowledge by studying nursing.*

Hometown

*I was born at Calvary Lenah Valley*

Hobbies

*Waiting for snow, rock climbing and mountain biking keep me occupied.*
