

Review of Research Requiring Review by the Human Research Ethics Committee

A Director / Executive Officer has indicated support for a research proposal by signing the **Research Checklist** and the researcher has liaised with the HREC Executive Officer regarding the appropriate review process.

Refer to: HREC Flowchart 1 Review of Research - Using the Research Checklist

Low / Negligible Risk Research

LNR Application Form - NSW and LNR SSA - NSW is submitted to the Human Research Ethics Committee (HREC)

FULL HREC REVIEW

- NSW Health NEAF and SSA Form are submitted to HREC for full review
- SSA Form undergoes governance review by the Research Governance Office

Identified issues are not resolved

Research Governance and Ethics Officer advises researcher that research, in present format, is unable to be undertaken

Identified issues are resolved

NEAF undergoes ethical review by HREC

Not approved

Research Governance and Ethics Officer advises researcher that research has not been approved

Approved

Research Governance and Ethics Officer issues ethical approval

LNR Application is submitted to the HREC Sub-Committee who applies ethical review under the provisions of expedited review. For approved research, the Research Governance and Ethics Officer issues ethical approval.
