# CHCB Statewide PND Service

Team-based care for people  
living with a Progressive  
Neurological Disease

Health Care Bethlehem

Continuing the Mission of the Sisters of the Little Company of Mary

# You have been referred to the Calvary Health Care Bethlehem Statewide Progressive Neurological Disease Service.

The Statewide Progressive Neurological Disease (PND) Service offers a range of interdisciplinary assessment and management services for people with a diagnosed PND.

These include: Huntington's Disease, Motor Neurone Disease, Multiple Sclerosis, Muscular Dystrophy, Multiple System Atrophy, Parkinson's Disease, Progressive Supranuclear Palsy, Spinocerebellar Ataxias and others.

Our service can provide support to you and your family to manage your condition and plan for the future.

## Our Team

The Statewide PND Service offers support from:

### Medical Specialists

- Neurologists
- Psychiatrists
- Respiratory Physicians
- Palliative Care Physicians

### Allied Health

- Physiotherapists
- Occupational Therapists
- Speech Pathologists
- Dieticians

- Clinical Psychologists
- Neuropsychologists
- Social Workers
- Music Therapists

### Neurological Nurses

- Clinical Liaison Nurse
- Clinical Nurse Consultant

### Other Services

- Pastoral care workers
- Volunteers
- Research clinicians

We also work closely with other health professionals and other service providers including community based organisations such as MND Vic, HD Vic, MS Australia, MD Association and Parkinson's Victoria.

## Before your appointment

- Once your referral is received, we will call you or your nominated contact person. We will ask about your needs and organise appointments with the appropriate members of our health professional team.
- Your appointment times will then be mailed to you.
- Within two weeks of your scheduled clinic visit you will be contacted by one of our team to confirm your appointments.
- You are welcome to bring a family member or friend to your appointment.
- An interpreter service is available.

**If you are unable to attend your appointment, please contact us as soon as possible.**

## On the day of your appointments

When you arrive please report to the reception desk so we can check your details. Our clinic nurse will ensure your day flows as smoothly as possible. Most patients will see between 2 and 4 health professionals in the day, which will be spread over a few hours. If you require more than 4 appointments we recommend the appointments be split over 2 visits.

Tea and coffee facilities and a microwave oven are available in our waiting rooms. You can bring your own lunch, or you can purchase hot or cold food at the hospital cafeteria. Fully accessible bathroom facilities are available.

## After your appointment

After your appointment you will receive a copy of your shared care plan in the mail. Follow up appointment times will be sent to you within four weeks

## Confidential sharing of information

It is best if we work together with other services involved in your care especially your General Practitioner, local health care professionals and community services. To do this, we ask for your consent to share information. Any plans we develop with you at the clinic can be shared with other services to ensure a coordinated approach to your care. Options for linking with other services include sharing your care plan or inviting them to a meeting. Meetings can be conducted via phone or videolink.
