

Have you been in Victoria in the past 14 days?

Due to increased community transmission of COVID-19 in Victoria, special restrictions are currently in place at Calvary John James Hospital.

- **Visitors from Victoria are not permitted to enter the hospital.** Due to increased risk, visitors who have travelled to or from any part of Victoria in the past 14 days are currently not permitted to visit this facility.
- **If you have visited Victoria in the past 14 days, you must self-isolate.** You are required to self-isolate at home for 14 days from the time you left Victoria. Please monitor your health carefully and seek medical advice if you are unwell.

This restriction is based on the latest ACT Government advice to stop the spread of COVID-19. We will lift this restriction as soon as it is safe to do so.

Please contact the hospital if you have any questions.

Thank you for following the rules and keeping us safe.
