

Are you visiting someone cared for by Calvary?

The COVID-19 situation in the ACT continues to evolve.

To minimise the risk of infection, visitor restrictions are currently in place at Calvary John James Hospital.

- **Any two (2) visitors per patient will be permitted to visit each day.**
- **Visitors from Victoria or a NSW hotspot are not permitted.** Due to increased risk, visitors who have travelled to any part of Victoria or a NSW hotspot in the past 14 days are currently not permitted to visit.
- **Exceptions for obstetrics and paediatrics patients.** Admitted babies and children (0-17 years) may have two (2) parents/carers present at all times, with an additional visitor for up to one (1) hour each day.
- **Child visitors (aged 0-17 years).** We request that child visitors do not visit at this time. Where a child does visit, each visit must first be negotiated with the Ward Manager. Child visitors must be under the direct supervision of an adult carer at all times.
- **For patients who are at end of life, there may be exceptions to visitation restrictions.** Please contact the hospital to discuss whether an exceptional visitation can be arranged.
- **Social/physical distancing of 1.5 metres separation and 1 person per 4 square metres is required.**
- **Screening questions and temperature checks for all visitors and staff will continue.** If a visitor is found to have an elevated temperature of 37.5 degrees Celsius or greater, entry will not be permitted.
- **Hand hygiene is important.** Please use the hand sanitiser stations at the entrance and throughout the hospital.

Thank you for following the rules and keeping us safe.
