As you will be aware, the Coronavirus (COVID-19) situation in New South Wales is evolving.

Accordingly, the South Australian Government has introduced new requirements for people returning to the state from the Northern Beaches of Sydney.

**The SA Government has advised that any person who has visited [current NSW COVID-19 case locations](#) in the past 14 days must get tested and self-quarantine for 14 days upon their return to South Australia. A second test must also be conducted on day 12 of the compulsory quarantine period.**

**Effective immediately, any Calvary South Australia employee or VMO who has travelled to or from a NSW case location is currently not permitted to attend the workplace.**

**Affected employees are advised to contact their Manager for leave advice. For affected VMOs, please direct any enquiries to the GM of the hospital.** Calvary will continue to monitor SA Government advice and adjust restrictions, consistent with state authorities.
