

Have you travelled to NSW in the past 14 days?

The COVID-19 situation in NSW is evolving. In line with SA Health directives, the following restrictions are currently in place.

- **Visitors from a NSW community transmission zone will not be permitted entry.** Any person who has been in a high community transmission zone or at a prohibited location in NSW on or after 11 December 2020 is not permitted to visit at this time.
- **Resident outings will be permitted, subject to Facility Manager approval.** Due to the heightened risk, resident attendance of a function where there is any person from a high community transmission zone or prohibited location in NSW on or after 11 December 2020 will not be allowed.

Excursions for medical treatment will continue to be permitted as usual.

*Please contact the Facility Manager if you have any questions.
Thank you for following the rules and keeping us safe.*
