

Aged Care Employee Day

Thanks for caring!

Aged Care Employee Day is celebrated on Sunday 7 August and recognises the incredibly valuable contribution of all individuals and teams who are involved in aged care services.

From nurses, support workers, care staff, servery and catering teams, through to cleaners, laundry staff, lifestyle coordinators, gardeners and administration teams, everyone plays an important part in delivering safe, high quality, compassionate care to our aged care residents and clients.

To our Calvary residential aged care and our community care teams who make a difference in the lives of our residents and clients we want to say ***Thanks for caring.***
